Subject: Job Posting
Hello Mr. Freadman,

Below is the job posting for the train service positions.

Thank you for your assistance in spreading the word.

Excel Rail Management, a contract operator for the transportation industry, is currently recruiting GCOR qualified locomotive engineers and conductors to work train service assignments at various locations in the US. Locations include North Dakota, Wisconsin, Illinois, Wisconsin and Missouri. Successful candidates must have recent train and engine experience with a Class 1 or regional railroad operating in signaled territory. Candidates must pass a physical examination including drug and alcohol screening. In addition to excellent pay and benefits, assignments also include payment for travel expenses such as lodging and daily meal allowance. Seriously interested applicants should send resume to tconner@excelrail.com.

Sincerely,

Tricia Conner, VP HR and Administration
